

CERTIFICATE COURSE ON HUMAN RIGHTS

Department of Political Science Dudhnoi College 2023

Human rights are commonly understood as the basic moral standards that recognize and protect the dignity of all human beings. These rights are inherited by every individual at the time of birth only on the ground of being born as human being. Human rights are universal, inalienable, interdependent and absolute in nature. Every human being irrespective of class, caste, gender, language, religion, region and any other status is entitled to these rights. The concept got popularised and universalised after the establishment of United Nations in 1945. Promoting and protecting human rights is one of the core purposes of the United Nations. Hence, it is reflected in all UN policies and programmes in the key areas of peace, security, development, economic and social affairs etc. Human rights are the guiding principles to govern how individual human being live in society with each other; what kind of relationship the state and the individual maintain as well as how much obligations the state should have towards individual human being. Therefore, a common understanding of the basics of human rights is an important precondition for a healthy democratic society. The certificate course on Human Rights would definitely help the youth generation to become aware about human rights violations and to be more supportive and respectful towards human dignity, freedom, equality as well as justice etc. A comprehensive knowledge on human rights also imparts the skills needed to promote, defend and apply human rights in daily life.
