REPORT
Awareness Programme on the Occasion of
WORLD AIDS DAY
Date:01/12/ 2025
Venue: Conference Hall, Dudhnoi College (Autonomous)

Dudhnoi College (Autonomous), Dudhnoi organised an Awareness Programme on the occasion of World AIDS Day on 1st December, 2025 at the Conference Hall of the college. The programme was conducted as part of the global observance of World AIDS Day, marked every year to raise awareness about HIV/AIDS and to strengthen collective commitment towards ending the epidemic. The event began at 11:30 A.M. with a brief welcome address by Mr. Deba Kr. Sarma, Vice-Principal of the college setting the tone for the importance of awareness, prevention and compassionate understanding regarding HIV/AIDS.

The invited speaker for the programme was Mrs. Mamta Khatun, PPTCT Counsellor, MNRR Civil Hospital, Goalpara. Mrs. Khatun delivered an insightful and engaging talk centred on this year's global theme, "Overcoming Disruption, Transforming the AIDS Response." She explained how multiple global and local disruptions—ranging from public health emergencies to social and economic challenges—have affected HIV prevention, treatment and support systems in recent years. Her session also underscored the importance of youth participation in awareness initiatives, responsible behaviour and the need to foster an inclusive environment for people living with HIV/AIDS. Students actively participated by asking questions and sharing their viewpoints, making the session interactive and meaningful. The programme concluded with words of appreciation to the speaker and participants. The event successfully enhanced students' understanding of HIV/AIDS and reaffirmed the college's commitment to promoting health awareness and social responsibility.
