To

The Registrar

Gauhati University

Guwahati-14

Sub: submission of Extract of feedback recommendation for necessary action

Dear sir,

In inviting reference to the subject cited above, I have the honour to forward herewith recommendations obtained from teachers and students during feedback analysis for your kind consideration and necessary action.

Recommendation No 1. The software prescribed in the syllabus for practical in B.Sc Mathematics are MATLAB /MATHEMATICA/ MAPPLE. This software is very expensive and makes it challenging for any institution to offer such type of software. Therefore, it is proposed from our end that the authority of Gauhati University recommend some open-source software like Sage-Math to serve the same purpose.

Recommendation No 2. In 3rd Semester of BA Honours course in English, the paper ENG-HC-3016: History of English and Forms (6 credits) covers almost an entire literary and social history of England. It is not practically possible for students to understand all these concepts within the limited time frame of one semester. Moreover, there are two other papers to study within the same semester. Therefore, it is proposed from our end that the paper with code ENG-HC-3016 be reduced, and the remaining content of the paper be offered in the subsequent semesters.

This is for your kind consideration and necessary action.

Thank You,

With regards,

Dr. Lalit Ch. Rabha
